Christmas Seal Used As Stamp

Predictions were made when the Christmas four cent stamp was issued that its similarity to Christmas seals was so striking that in the hustle and bustle seals would be used instead of U n i t e d States "cent stamps." Well it has happened! A Christmas greeting card arrived bearing a Christmas seal where the stamp should have been. The substitution was detected at this office and the addressee was notified of postage due mail. Yes, it was mailed from Washington, D. C.

When stamping your greeting cards, make sure the Christmas seals and postage stamps are separated.

Postmasters Urge Stepping Mailings To Avoid Disappo

Appomattox County Postmasters expressed their appreciation today for your excellent cooperation so far on his 1962 "Mail Early for Christmas" Campaign. They said, however, that only by stepping up all Christmas card and gift packages mailings immediately, will it be possible to process and deliver your cards and gifts by Christmas Day.

The Postmasters continued, "Let's not disappoint a single friend or loved one at Christmas time by putting off our Christmas mailings to the last minute."

They offered these good suggestions that are easy to follow:

Be sure your reurrn address and the recipients name and address is plainly typed or written on all labels and Christmas cards.

Always use zone numbers. Avoid abbreviations of state and city names.

Pack your Christmas gifts in strong corrugated cartions. Use plenty of stuffing material to insure safe delivery. Seal packages with heavy paper adhesive tape and tie them with extra strong cord. Be sure to ask about Parcel Post rates and weight limitations when you go to the Post Office to buy stamps.

Speaking about stamps, the Postmasters said, "Use the colorful new 4 cent Christmas stamps on all your Christmas cards. By sending your cards First Class mail they will be delivered promptly and forwarded or returned, if necessary, providing you include your name and address on the Christmas card envelope.

Secure free labels at the Post Office which read, "All for Local Delivery" and "All for Out of Town Delivery". Then, separate your Christmas cards into two bundles, one for local delivery and delivery by Post Office.

Try to get all Christmas presents, cards, etc. in the mail before December 15th. Out of town mail should be sent before December 10th. Time for letters to be mailed to insure delivery by Christmas. To insure delivery of mail and to maintain the true spirit of Christmas, mail early and often!"

Handbooks Issued

The County Home Demonstration Agent, Miss Peggy Berger, is once again distributing to Appomattox County H.D. clubs their annual handbook. The homemakers' new year runs from Dec. 02 through Nov. 63.

County Federation Goal Chairman, Mrs. Toby Ingo, of Pamplin, has prepared writeups and other materials to present each club's federation program to the clubs. This year it is "fine arts" with a famous painting such as Reynolds "Age of Innocence" or Gainsborough's "Blue Boy" being given special attention at each meeting. Small prints of each painting will be available to the clubs.

The Bank of Appomattox has for many years underwritten the cost of these printed handbooks. The printing itself was done at the TIMES VIRGINIAN printing shop.

DID YOU KNOW THAT if your drinking water becomes muddy after a rain, you probably have an unprotected well. Wells should not receive surface water. The soil, for all practical purposes, is "sterile" below ten feet. A properly dug and properly protected well offers your family safe drinking water. See your county sanitarian for full details.
